“An exciting opportunity to own a share in a winning Hurdler”

Running very soon

8yo bay gelding (1 April 2018)
Emailandy (IRE)
by Mount Nelson (GB) ex Eoz (IRE)

Placed in a Grade 3 hurdle.

A 10-member syndicate. Upfront cost of £1,600 (plus V.A.T.) per share followed by ongoing training and keep costs of £270 per month from September 2026.

All prize money, VAT reclaims and unspent partner contributions returned to syndicate members.

Martin is excited to offer shares in two time hurdle winner, Emailandy, following his recent purchase from Paul Nicholls.

A lovely looking chasing type, now eight years old, he was originally a £150,000 purchase for the Stewart Family in 2021. Following two runs in NH Flat races, he won first time out over hurdles at Plumpton in 2023. He continued to run creditably for the rest of the 23/24 season including a fine 3rd in the valuable Grade 3 (Class 1) EBF Novice Handicap Hurdle Final over 2m 4f at Sandown. Following that race, he won again over a similar distance resulting in a handicap mark of 134.

Since then, he has slipped down the handicap, however, he did show he retained his ability and enthusiasm with a win in a 3m Point-To-Point in May. Paul Nicholls had no hesitation in recommending him to Martin, as he felt he was the type of horse who would thrive from a change in scenery and routine. He is potentially well handicapped at an above average 117 and remains unexposed over the larger obstacles having only run twice in chases under rules.

He is well bred with his sire being the Group 1 winning Mount Nelson, including the 2008 Coral Eclipse and has sired several top class horses, including the Stayers' Hurdle winner Penhill. His dam's sire is the hugely influential Saddler's Wells.

The initial capital cost is £1,600 (plus V.A.T.) per share followed by ongoing training and keep costs of £270 per month from September 2026.

Martin is looking forward to campaigning him in the Autumn primarily over fences. Shares are already selling so move quickly to avoid missing out on this exciting opportunity.

"A fabulous looking youngster offering great value"

Will be making
his debut soon

Cheltenham
graded winner

Purchase = £1900 + VAT per 1/10th share

Keep and training costs = £250 per month. All prize money, VAT reimbursements & unspent partner contributions returned to owners

If you ever wished to take a share in a very reasonably priced dual-purpose young horse then now is your chance. The current plan for Passmethefizz (or 'Trev' as he is known) is for him to make his debut on the flat in the next couple of months and then go juvenile hurdling next season. In fact, he's been working with some other unraced potential jumpers and is far too speedy for them so it is even more likely that he will run on the flat first.

It was two years ago that Martin went to Batsford Stud and spotted this flashy looking Tasleet gelding who was promptly purchased and is now named Passmethefizz. In addition to his good looks, Martin was also impressed with his conformation, his athletic walk and his friendly nature. 'Trev' was backed and ridden away at Claire Hart's pre-training yard before going to Condicote. He's been given plenty of time but following a holiday in the field he came back into training a few months ago and has come back in looking a different horse. He has done loads of quick work and shows that he is a speedy youngster, and the plan is for him to make his debut on the flat soon.

His sire, Tasleet, was a top-class racehorse who won 5 races, including the Group 2 Duke of York Stakes, and was a narrow runner-up in 3 Group 1 races. He is the sire of the leading European sprinter, Bradsell, who has won multiple Group 1 sprints and is now a stallion at The National Stud. The dam of our youngster, Franny Nisbet, offers plenty of stamina to the pedigree having won at 2 miles on the flat, and also being a half sister to a Grade 3 winner at Cheltenham (Havingagoodtime) as well as another multiple winner over jumps. Her one runner to date has already won three races on the flat, having been sold to race abroad.

Passmethefizz represents great value, so please get in touch if you would like to be involved with an exciting unraced youngster with his entire career ahead of him.

Very forward going
and very friendly

Purchase = **£2410 + VAT per 1/10th share** – incl all keep costs to end of September 2026.

Purchase to increase monthly by cost of keep = £110 p.m until he enters training (mid-2027) and then £250 p.m. Prize money, VAT reclaims & unspent partner contributions returned to owners

Cut And Run ('Mary') and Capricia ('Betsy') were our first two syndicate broodmares and Mary produced our very first foal within the first hour of March 2024, narrowly missing out on being a Leap Day baby. The staff at Batsford Stud, where he was foaled, were quick to name him 'Freddie', after Freddie Keighley who was also born on Leap Day. In the two years since then, Freddie has developed fabulously well and possesses very good conformation, a great walk and is a very forward going youngster. The team at Batsford Stud are remarking about how quick he is when he is galloping around in the paddocks and they are convinced he is going to be a very forward youngster and this view was confirmed when he went to Martin Jones for backing in July and proved to be a very quick and willing learner. He has now returned to Condicote to be turned out for another year to further strengthen and develop prior to entering training in the middle of 2027.

His sire, Passing Glance has been one of the most successful British based stallions in recent years and sadly passed away earlier this year. Success progeny include the Grade 1 winners Dasher Drasher, Strong Leader and Millers Bank, as well as Side Glance, a Group 1 winner on the flat. Not many stallions can boast that record.

Cut And Run won one hurdle race and was placed on several occasions when trained by Martin and was rated 109. She was bred and owned by Zara Tindall until our Racing Club bought her from Zara, and she is a half-sister to the multiple winners I K Brunel (rated 140), Somewhere To Be (rated 127), A Little Something and the 5yo Yes Sir Jack who was sold in November 2024 for £170K, is racing in the US and has been placed in 4 of his first 5 races. Sadly, Cut And Run died in 2025 leaving only Freddie and one other foal to continue her legacy.

Freddie looks to have a very exciting future ahead of him, so do get in touch to take a look at him.

"Our beautiful Postponed filly is now being syndicated"

in 2026

Purchase = **£1750 + VAT per 1/10th share** – incl all keep costs to end of September 2026.

Purchase price to increase monthly in 2026 by cost of keep.

Keep costs = £110 p.m until she enters training (mid-2028) and £250 p.m thereafter.

Cut And Run ('Mary') was one of our first syndicated broodmares and it was a very sad day when we lost her in the middle of 2025 in freak circumstances. However, in 'Penny' she has left behind a stunning filly who will hopefully keep Cut And Run's memory alive. Penny was too young to be weaned when she lost her mum, and so she was fostered with a black and white cob called Alice who was already at Batsford Stud fostering another filly. Alice was amazing and allowed herself to be shared until she was old enough to be weaned. She obviously did a great job because Penny has developed beautifully into a most attractive filly, one that is GBB registered which means there will be some very attractive £20K bonuses to be won for her owners should she win one of the many GBB races when she is in training, and she will certainly be aimed at these races.

Her sire, Postponed, has had an incredible past couple of years at stud. Initially positioned as a flat sire, he was then moved to Yorton Stud as a NH stallion. However, the recent performances of his progeny on the track in flat races demonstrate that he is capable of siring top-class horses on the flat, such as the Group 2 winners Amiloc and Waardah, as well as some very talented performers over hurdles, such as the black type mare Zestful whom Martin trained.

Cut And Run won one hurdle race and was placed on several occasions when trained by Martin. She was bred and owned by Zara Tindall until our Racing Club bought her from Zara and is a half-sister to the multiple winners I K Brunel (rated 140), Somewhere To Be (rated 127), A Little Something and the 5yo Yes Sir Jack who was sold in November 2024 for £170K and is racing in the US.

Penny is being kept at Batsford Stud where she can be viewed. She's a fabulous prospect available at a very reasonable price, so we urge you to take a look at her.

"New Syndicate Broodmare; winning mare from a great family"

On The Lash

Purchase = Just **£450 + VAT per 1/10th share**

Cost of Keep = Initially **£175 per month** – includes cost of keep for Kaz & covering fee for 2026

Syndicate agreement available on request which covers all details.

We are thrilled that Kazontherazz is being syndicated as a broodmare in order to keep her amazing family line going for future generations. 'Kaz' is a half-sister to Back On The Lash and Pinnacle Peak, both Cheltenham winners trained by Martin – indeed, 'Lash' is a black type performer who won 9 races, including two Cheltenham cross country races and ran at Cheltenham an amazing 15 times and also ran in the Grand National.

Kaz was also a very talented mare and won 2 races and was in the first three in 15 of her 28 races – her consistency being the only thing that prevented her winning many more races because she was as "tough as nails". Kaz's dam, Giovanna, was also a very talented and tough jumps mare, winning 7 races and being in the first three on 16 occasions earning an official rating of 128. Kaz is the only filly that we are aware that Giovanna has produced, so is the only one left to keep this tough line going.

Kaz's sire, Kayf Tara, is probably the most successful British based jumps stallion in recent history, being the leading British based National Hunt sire on a staggering 11 occasions. He was an incredibly tough racehorse, as well, being the champion stayer on 3 occasions including twice winning the Ascot Gold Cup. He lived to the ripe old age of 28.

Kaz is being kept at Batsford Stud, close to the Condicote yard where she spent all of her racing career. There was a democratic voting process with the initial syndicate members to decide which stallion she would visit and she has now been confirmed in foal to Eldar Eldarov, a young stallion who oozes quality, won two classics, was Champion 3 year old stayer and who comes from an incredibly well bred family. All being well, her foal will arrive in the spring of 2027.

It is one of the most exciting things in the world to breed your own racehorse, and Kaz has been priced incredibly competitively to allow more people to be able to achieve this dream.
